

P23771.A02

Application No. 10/627,616

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant : Hiroyuki OSADA et al.

Group Art Unit : 2816

Appln. No : 10/627,616

Examiner : Not Known

Filed : July 28, 2003

For : MUTANT PLK PROTEIN AND GENE ENCODING THE SAME

**INFORMATION DISCLOSURE STATEMENT**

Commissioner for Patents  
PO Box 1450  
Alexandria, VA 22313-1450

Sir :

RECEIVED  
OCT 29 2003  
10 2003 MAIL ROOM

In accordance with Applicants' duty of disclosure under 37 C.F.R. 1.56, Applicants hereby submit the following Information Disclosure Statement under 37 C.F.R. 1.97 and 1.98, and in conformance with MPEP 609 and 37 C.F.R. 1.98(d).

Applicants hereby make of record the disclosure statements filed October 2, 2001, November 1, 2001, and December 18, 2001, and the information cited by the Examiner in the Office Action mailed March 11, 2002 in parent Application No. 09/866,590.

The Examiner is respectfully requested to consider the documents cited in the parent application, and to make the documents cited therein of record in the instant application.

Applicants note that copies of documents cited in the above-mentioned disclosure statement have been submitted in parent Application No. 09/866,590. Accordingly, pursuant to 37 C.F.R. 1.98(d) copies of the documents are not being submitted herewith, and the Examiner is invited to

P23771.A02

review and consider the documents in the parent application. Of course, should any of the documents not be readily available to the Examiner, the Examiner is requested to contact the undersigned and additional copies will be submitted.

For the convenience of the Examiner, the above-noted documents cited in the parent application are listed on the attached Forms PTO-1449. The Examiner is requested to initial the Forms PTO-1449, and to return the initialed copy with the next communication from the U.S. Patent and Trademark Office.

Should the Examiner have any questions or comments regarding this matter, the undersigned may be contacted at the below-listed telephone number.

Respectfully submitted,  
Hiroyuki OSADA et al.
